Career Objective

To obtain a challenging position as a Junior Software Developer, where I can leverage my technical skills, passion for programming, and continuous learning mindset to contribute to the development and maintenance of innovative software solutions. I aim to work in a collaborative and dynamic environment that encourages creativity, fosters professional growth, and provides opportunities to enhance my knowledge and expertise in various programming languages, frameworks, and software development methodologies. By actively participating in the design, implementation, and testing phases of software projects, I aspire to make a meaningful impact, learn from experienced mentors, and establish a solid foundation for a successful career in software development.

Education History

-  **Bachelor of Science in Information Technology**
North-West University (Potchefstroom)
2020-2022
 - 70% Average

- High School**
Wordsworth High School
2014-2019
 - Top 8 Executive
 - Interact Chairperson

Employment

- Software Developer Internship**
Omnia Holdings Fourways
 - 1 March 2023 - 29 February 2024
